## Childhood Obesity In Walsall Localities

\* Children with a BMI greater than or equal to the 85th centile BMI distribution have been classified as overweight including obese (excess weight).

\* Generally, the rate of childhood excess weight is higher in the North and West Localities.

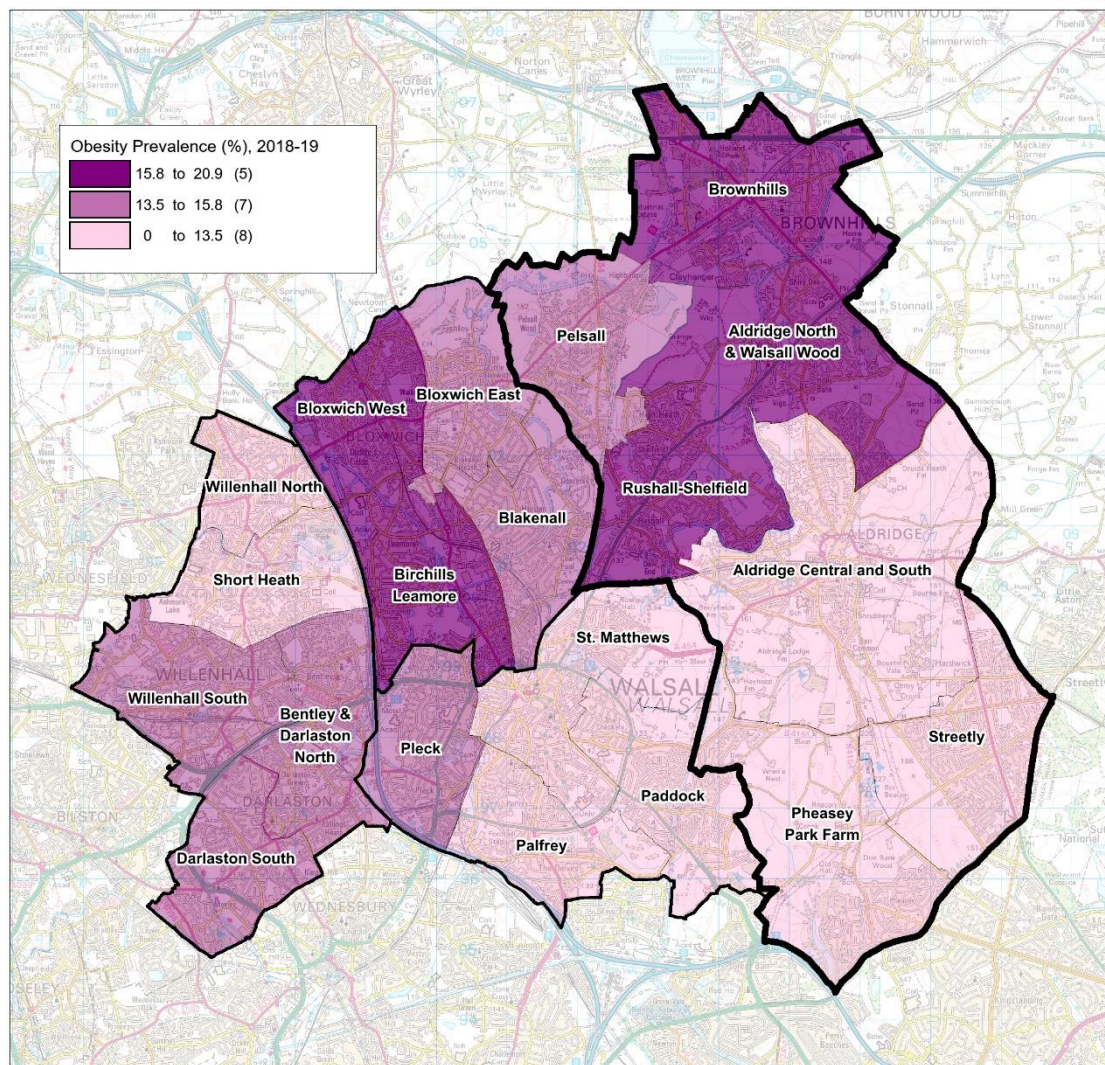

\* However, Walsall as a whole has higher rates of excess weight in Reception and Year 6 than the national and regional average, and has seen an increasing trend over the last decade.
